We are a community of peacemakers: breaking every barrier and crossing every divide to stop the spread of violence and create a world where EVERYONE RISES.

**RELIEF**
We stop the spread of war by responding fast on the frontlines.

**JOBS**
We reduce the risk of recruitment into violence by increasing income.

**COMMUNITY**
Through relationship and education, we change the ideas that lead to war.

WHEN YOU MOVE FOR PEACE, WAR DOES NOT STAND A CHANCE.

For one month this September, we will move for peace. As a global community, we will move, sweat, and walk together to reach 100,000 miles and raise $500,000. To stop the spread of violence in Iraq, Syria, Lebanon, Latin America, and around the world will take all of us, helping all of us rise together.

Walking, running, biking, swimming, gardening, yoga, and more—together, our movement will reshape our world. With every step, every action, we rally together with friends, family, our local community, and our global brothers and sisters to wage peace.

#MoveForPeace
WHAT WE DO
We show up with emergency relief—food, water, medical care, and more—for families on the frontlines of violence in Iraq, Syria, Gaza, Lebanon, Venezuela, Colombia, and Mexico. We stay long after the immediate crisis has passed and help refugees rebuild their communities, so they can provide for their families without having to depend on handouts.

HOW WE PROVIDE RELIEF AND CREATE PEACE
We start by asking displaced families one simple question: what do you need? If they recently fled and have absolutely nothing, we start with the basics: food, shelter, medicine, hygiene kits, and access to clean water. When the essentials are covered, we can explore work and community empowerment opportunities that will keep families stable and less vulnerable to violence.

YOUR IMPACT
In the last year alone, thanks to our community of peacemakers:
- over 94,000 people received food
- over 148,000 patients were provided with healthcare
- more than 4,850 people were given shelter
- 150 farmers returned to their land
- 87 refugee-run businesses were launched
- over 840 information technology (IT) professionals were trained and deployed into the workforce
- nearly 5,000 people around the globe engaged in Preemptive Love peacemaking events, mending the wounds of war

DEEPEN YOUR ROLE IN PEACEMAKING
- The most powerful way to support peacemaking is to become a member today at https://preemptivelove.org/members.
- The simple act of telling someone is powerful; we welcome you to connect your personal and professional networks with Preemptive Love.
- Bring peacemaking into your community by becoming a Love Anyway gathering host by working across divisions in your own neighborhood through education and relationship.
